

# Upright Freezers

*Philco upright freezer models provide safe and convenient storage for a large volume of frozen food. Two models are designed with an Easy Clean stainless steel door and handle that do not show fingerprints and smudges. These models can be paired with a Philco all refrigerator of the same size for a total of between 1024 and 1234 liters of fresh and frozen food storage. The Risk Free 7-Year Sealed System Warranty covers the evaporator, condenser, compressor, filter dryer and tubing for an extended time period. All four models are made in the USA.*
